

GEOSM GROUP

OPTIONAL GROUP PRESCRIPTION BENEFIT

(coverage available only in the U.S.)

Prescription drugs can be a cost-effective way to treat many health conditions. GEOSM Group offers a comprehensive prescription benefit to help maintain the highest quality of care while helping to reduce overall healthcare costs. This program is provided through Universal Rx whose prescription benefit management system includes:

Nationwide network of retail pharmacies

An extensive network link with over 44,000 pharmacies allows Universal Rx to provide price controls that generate significant savings and convenient access for plan participants. Their extensive drug history database provides pharmacist with instant, real-time messaging alerts, allowing them to identify potential drug interactions and /or appropriate invention opportunities.

Mail-order pharmacy services

This benefit allows plan participants to order up to a 90-day supply of maintenance medications with one simple co-payment and fewer trips to the pharmacy. High-quality maintenance medications can be ordered via telephone or the internet.

Internet pharmacy fulfillment services

The state-of-the-art Internet Pharmacy Fulfillment Services is managed by dedicated, registered pharmacists and allows plan participants to order prescriptions for either standard or next-day home delivery, or in-store pickup at participating retail pharmacies.
